

## Product fiche concerning the "COMMISSION DELEGATED REGULATION (EU) No 1061/2010"

Trade mark: Hisense
Model Identifier: WFHV9014
Rated capacity cotton: 9 kg
Energy efficiency class: A+++
Energy consumption 217 kWh/annum, based on 220 standard washing cycles for cotton programs at 60 °C and 40 °C at full and partial load, and the consumption of the low-power modes. Actual energy consumption will depend on how the appliance is used.
Energy consumption of the standard 60 °C cotton program at full load: 0.93 kWh
Energy consumption of the standard 60 °C cotton program partial load: 0.91 kWh
Energy consumption of the standard 40 °C cotton program partial load: 0.69 kWh
Power consumption in off-mode and left-on mode: 0.49W / 0.56 W
Water consumption 10560 l/annum, based on 220 standard washing cycles for cotton programs at 60 °C and 40 °C at full and partial load. Actual water consumption will depend on how the appliance is used.
Spin-drying efficiency class B on a scale from G (least efficient) to A (most efficient)
Maximum spin speed: 1400 rpm
Residual moisture: 53%
The standard 60°C and 40°C cotton programs, referred to as 'standard 60°C cotton program' and 'standard 40°C cotton program', and that they are suitable to clean normally soiled cotton laundry and that they are the most efficient programs in terms of combined energy and water consumptions for washing that type of cotton laundry, in addition, the actual water temperature may differ from the declared cycle temperature.
Program time of the standard 60 °C cotton program at full load: 256 min
Program time of the standard 60 °C cotton program at partial load: 256 min
Program time of the standard 40 °C cotton program at full load: 256 min
Duration of the left-on mode: 2 min
Airborne acoustical noise emissions: Washing: 58 dB (A), Spinning: 77 dB (A)
Free-standing
