Wireless Streaming

Hisense HS218 Soundbar includes Bluetooth technology for easy wireless connections to the smart devices. Enjoy music from your smartphone, tablet or laptop.

Multiple Audio Enhancements, Switch Freely

According to different sound demands in different scenes, we designed multiple audio enhancements, such as Movie mode, Music mode and News mode, you can switch to your desired freely.

Movie Mode

Hear everything from the loudest explosions to the quietest sound Effects, just like in a movie theater.

Music Mode

Compared to the standard mode, the sound under music mode will be fuller, more natural, and more spacious—without sacrificing vocal intelligibility.

News Mode

News Mode focuses on the frequencies of the newscaster's voice creating a clear broadcast that is easy to hear and free from distracting sounds.
